Dear ~~_____~~

How are you hope you are fine and the rest of your family? the main reason of writing this letter to you. is to thank you very much for what you are doing for me and my family be cause I don't think without you my education will reach at the stage so therefore I and my family are always praying for you and your family may God give you long life and prosperity with all your family members. And I feel I have promised you that I will try and put all the effort of mine in every term just to make you happy

In my examinations resorts because education is the key to success. And that's why I and my parents are also praying very hard for you and your family because we are great and happy of you and thank you very much of all the effort that you are making in my education since I start my schooling till now. My education is in your hand and it will be still in your hand till I graduated with flying colours by the great of God which will make me, my family and you with all your family members as well, thank you very much once again live long with all your family members
